

USDA / APHIS Agriculture Worksheet

ClearanceIQ Import Kit · Plant & Animal Products

Plant and animal products often need a phytosanitary certificate or APHIS permit. Restricted origins can be refused entry.

Checklist

- Is the product plant or animal origin?
- APHIS permit required? (permits.aphis.gov)
- Phytosanitary certificate from origin
- Country eligibility / restrictions
- Treatment (fumigation/irradiation) if required
- Origin marking

Worksheet
